

Canon

imageRUNNER C5058

Our Favorite Feature:

Exceptional Reliability and Durability – The systems are designed with exceptional reliability and durability to withstand the rigors of busy office environments. High-yielding supplies and consumables help customers realize low operating costs and maximum uptime over millions of impressions. For example, both models leverage Canon’s proprietary “A-Si” Amorphous Silicon Drum technology, which offers greater resilience to wear and tear, and a large capacity toner bottle that can be replaced even while the machine is operating.

Standard Features

- Copy (58 B&W, 16 Color pages per min)
